SUMMARY

Senior Frontend Engineer with 3+ years of experience building scalable and high-performance React & Next.js applications for international clients.
Strong background in frontend architecture, performance optimization, and end-to-end feature ownership from concept to production.
Experienced mentor and instructor with a proven ability to teach, guide, and collaborate within cross-functional and remote teams.

WORK EXPERIENCE

Senior Frontend Engineer — Remote (EU Clients)   **Poland & Sweden | 2023 – 2025**

- Owned frontend features end-to-end, from requirements gathering to production release.
- Designed scalable, feature-based React & Next.js architecture for long-term maintainability.
- Improved page load performance by ~35% through code splitting, image optimization, and component refactoring.
- Increased Lighthouse performance score from ~60–65 to 90+.
- Built reusable UI components, reducing duplicated codebase by ~40%.
- Collaborated with international designers and backend teams in fully remote environments.
- Delivered SEO-optimized, mobile-first interfaces for production applications.

Senior Frontend Engineer — CarPlus (Remote)   **Mar 2025 – July (England)**

- Took ownership of multiple frontend modules from initial design to production deployment.
- Implemented frontend architecture decisions using React, Next.js, and SCSS.
- Optimized rendering performance and improved mobile usability across key pages.
- Ensured pixel-perfect UI implementation in close collaboration with designers.
- Focused on scalability, SEO improvements, and long-term maintainability.
- Took ownership of multiple frontend modules from initial design to production deployment.
- Implemented frontend architecture decisions using React, Next.js, and SCSS.
- Optimized rendering performance and improved mobile usability across key pages.
- Ensured pixel-perfect UI implementation in close collaboration with designers.
- Focused on scalability, SEO improvements, and long-term maintainability.

KEY TECHNICAL SKILLS

- React.js, Next.js, TypeScript, JavaScript (ES6+),
- Redux Toolkit, SCSS, Tailwind CSS,
- REST API, Axios,
- Performance Optimization, SEO,
- Git, GitHub, Remote Collaboration

FRONTEND INSTRUCTOR / MENTOR

FRONTEND INSTRUCTOR / MENTOR **Present**

- Teaching modern frontend development with a focus on React, JavaScript, and UI best practices.
- Mentored 100+ students, guiding them from fundamentals to real-world project development.
- Reviewed student code, provided architectural feedback, and enforced best practices.
- Helped students build production-like projects using Git, GitHub, and team workflows.
- Conducted workshops on frontend architecture, component design, and performance optimization.

EARLY EXPERIENCE

Frontend Engineer — OKS Technologies **Feb 2022 – Jun 2022**

- Developed reusable UI components using React and Redux Toolkit.
- Integrated REST APIs for dynamic content rendering.
- Participated in production deployments and feature maintenance.
- Collaborated with backend developers on scalable frontend solutions.

EDUCATION

Bachelor of Science in Computer Science (In Progress)

University of Science and Technology

CERTIFICATIONS

- **React Developer Certificate — Udemy**
- **Git & GitHub Advanced Course**
- **PDP IT academy**

LANGUAGES

- **Uzbek — Native**
- **English — Intermediate**
- **Russian — Intermediate**
